

Public Spaces Protection Order (PSPo) Questionnaire

Your Data

Did you witness or experience activity during the Church of Scientology's annual event on Saint Hill Road, East Grinstead, on the 25th, 26th and 27th October? Whether you are a resident/passerby, protester, or attendee, your experience is important to us.

The Council is considering the possibility of making a Public Spaces Protection Order (PSPo). As part of the decision making process the Council is collecting statements from all involved to help us understand the impact of the events and protests on the community. Your statement can make a difference in how the situation is managed moving forward and will be crucial in helping shape decisions on the future management of protests in this area.

Please note that the Council will comply with the applicable parts of the Data Protection Act 1998 and the UK General Data Protection Regulation. Information provided may be used as evidence in court. Personal details will be redacted where necessary to protect your privacy.

Your contribution is valuable in ensuring that the concerns and experiences of everyone involved are considered and documented, and your evidence will help inform decisions about how future protests are handled.
