Jack,

A very belated thanks for this very helpful update, and for all the work you have been doing to try to get these vacancies filled.

Thanks also for the update regarding the correspondence with [REDACTED] [REDACTION NOTE – reference to the person representing the Church of Scientology who made the original approach to Jack Bacon]. I would suggest that we leave it to him to contact you if and when he chooses to do so.

I will wait to hear from you with further updates if any nominations are submitted between now and our meeting on 29 June.

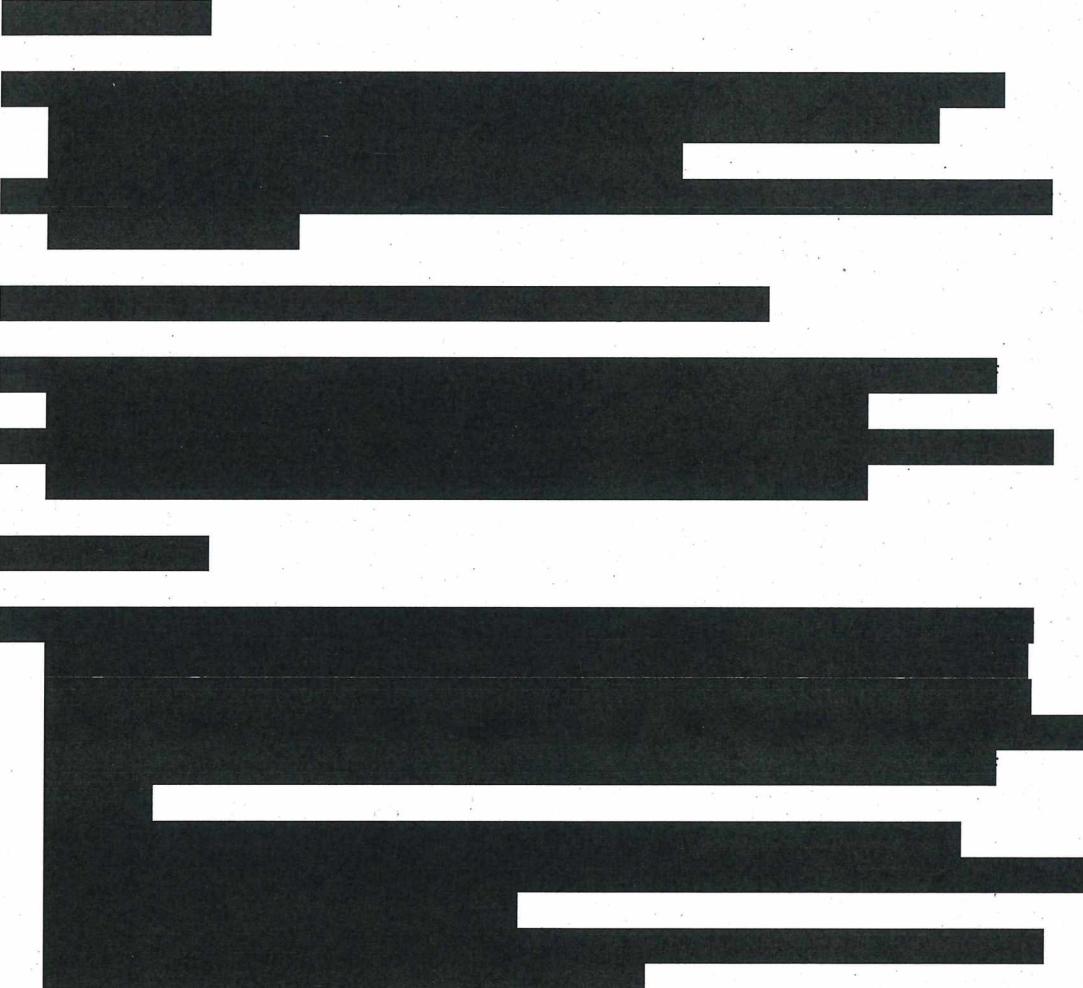

Best regards,

Richard.

Subject: SACRE - update on vacancies/requests to join

Dear Richard,

For your information, following on from my recent email below for reference, and ahead of this month's meeting on **29 June**, I wanted to provide you with a broader update on the vacancies currently held on SACRE:

Requests to join SACRE – you will be aware that [REDACTION] [REDACTION]
NOTE – reference to the person representing the Church of Scientology who made the original approach to Jack Bacon] contacted us to enquire about representing the Church of Scientology, however I'm yet to receive a formal request or any further correspondence with him since 6 March. Please refer to the attached email chain as a reminder.

I will of course keep you updated regarding news of any confirmation nominations in relation to the above before this month's SACRE.

Kind Regards,
Jack
