Hi [REDACTED]

The bandstand is in Memorial Gardens and benefits from a high town centre footfall as it is next to main car parks.

This is the location that is available for hire for performances and should be booked by email

If you are looking to busk in town, then we cannot advise on this matter as the council does not licence busking.

Many thanks,  
Best wishes,

Hi [REDACTED]

Thanks for your rapid reply.

I'm interested in doing this event in the pedestrianised town centre square. And I read that the bandstand had been moved to the park, is that correct?

Cheers [REDACTED]

Hi

It's been a while since we spoke and I just wanted to get back in touch and see if we could work out doing another event for Truth About Drugs in Crawley, with The Jive Aces, at some point?

Drugs are a big problem pretty much everywhere and their impact is huge. It's not only the addicts themselves that are affected, but their families, as well as the whole community with shoplifting and other theft to pay for drug habits as well as drug fuelled violent crime. Giving people, especially young people, the truth about drugs is vital because then they have some facts about the consequences of taking drugs, to counter the arguments of drug pushers, and they can then make their own informed choice whether to take them or not. And the Truth About Drugs booklets - <https://www.drugfreeworld.org/drugfacts-booklets> - lay out these facts brilliantly.

We've been doing a lot of events around the SE, places like Eastbourne, Croydon, Bromley, Reading and getting tremendous feedback from the local people and it would be great to do something at Crawley again, as it's really on our doorstep.

Fri 20th June is one date that could work for us.

Please let me know if this is possible.

Cheers

Hi [REDACTED]

Thanks for getting back to me and we are great thanks, [REDACTED]

I do totally understand your concern about printed material. The whole point of the event would be to distribute information on the harmful effects of drugs, but the paper used for booklets comes from sustainable, renewable, sources and so is not adding to the carbon footprint in any way.

I'm sure that I don't have to tell you that a lot of the crime in town centres stems from drug addiction and other drug related behaviour and it is a pressing issue. These booklets do help by giving people, and in particular young people, enough information that they can make an informed choice when offered drugs.

It's something that we feel strongly about and that's why we donate our time to do these events totally free of charge.

I hope that you can reconsider based on this additional information.

Cheers [REDACTED]

Hi [REDACTED]

Great to hear from you. I'm well thanks, how are you?

I have checked the bandstand availability and it is available on 21/4. I recall you used to distribute booklets however since the implementation of our climate emergency action plan 'Action to Zero' in 2021, we do not support the distribution of printed material anymore.

The fees to book the bandstand are here:

Hi [REDACTED]

I hope that you are well.

It's been a few years since we've done a drug awareness event in Crawley town centre and now the pandemic is over, I'd love to start doing events there again.

I was looking at Friday 21st April. Would that work for you?

[REDACTED], that's why you're getting this email at such an odd time!

Cheers [REDACTED]
